Introduction

This is a temporary position for the Zion Natl. Park Forever Project, Zion National's Park's official fundraising partner. The Forever Project supports the education, visitor experience, preservation, and sustainability projects in the park. The purpose of the position is to serve as a Youth Program Assistant to conduct resource-based education (environmental education) and community outreach programs and activities. The Zion Natl Park Forever Project is an at-will employer.

Major Duties

- Assist in development and operation of education programs.
- Assist in research, design, development and presentation of a variety of educational and interpretive programs and products aimed at specific audiences.
- Assist in development, writing, production, and evaluation of educational materials.
- Assist in tracking statistics and evaluation metrics for resource-based education and outreach programs.
- Assist in other duties such as writing, editing, and media production. Additional responsibilities may include performing roving assignments, providing orientation and information at contact stations, and completing assigned tasks and projects that support education program.

Required Knowledge and Skills

- Coursework or experience in natural sciences, physical sciences, natural resources, or disciplines related to resource-based education such as education, history, and recreation.
 - Beginning skill and ability in resource-based educational methods, techniques, and philosophies.
 - Willingness to speak professionally, and effectively communicate complex subject matter in an understandable way to a variety of audiences.
- Applicant must display proficiency with PowerPoint, Adobe Acrobat, and Word, and be very computer literate. Assistant may be performing educational programs on screen in live time with students around the world.
